

Section	Topic
1	Introduction to UGNX
2	Introduction to Solid Modeling
3	Positional Form Features
4	Expressions
5	Hollow
6	Edge Operations
7	Layers
8	Assemblies
9	Adding and Mating Assembly Components
10	Master Model Concept
11	Drafting
	a. 11-77 – Stepwise Drafting Guidelines
12	Datum Planes
13	Datum Axes
14	Sketching and Constraints
	Appendix A – Additional Projects
